SKILLS

PROGRAMMING

- Cpp
- Java
- Python

DEVELOPMENT

- React
- Django
- Bootstrap
- Android
- JQuery
- Firebase

DATABASE

- MySql
- Postgresql

VERSION CONTROL

- Git

OPERATING SYSTEMS

- Linux
- Android
- Window

COURSEWORK

- Design and analysis of algorithm
- Data Structures and algorithm
- Introduction of modern application development
- Discrete Mathematical Structure
- Android Development

HOBBIES

- Competitive Coding
- Cube Solving
- Puzzle & Sudoku Solving
- Watching StandUp Comedy

Projects & Open Source Work

Customer Management Platform [\[Here\]](#)

- Tech Stack Used Django and hosted in Heroku Server
- Various functionality like create and update customer

Github-fetcher | React, Github API [\[Here\]](#)

- Fetch the user data by just entering the username of Github

Design your hero | Firebase [\[Here\]](#)

- Tech Stack used JQuery and Firebase

nwoc_algorithms | NJACK Winter of Code [\[Here\]](#)

- 22 Commits in this project during the Njack 2019-20

Book Record Management [\[Here\]](#)

- A Django Project which add, update, search, delete a book record from the database

Education

2017 - 2021 B.Tech, Department of Chemical technology
Harcourt Butler Technical University, Kanpur, UP

ACHIEVEMENTS

- Secured 177 Global rank out of 35k+ participants in CodeChef September Long Challenge
- 6 star Coder in [Hacker Rank](#) and 4 star Coder in [CodeChef](#)
- Won the two-coding contest organized by the college coding club
- Contributed in NJACK Winter Of Code
- Got certificate of excellence from Coursera in Algorithms & Data Structure [\[Here\]](#)
- Got Scholarship from GirlSCript Foundation [\[Here\]](#)
