EDUCATION

Harcourt Butler Technical University, Kanpur, UP

B.Tech, Third year, Department of Chemical technology

Expected Graduation: May 2021

Pt. Deen Dayal Upadhaya Sanatan Dharma Vidyalaya, Kanpur, UP

High School Percentage: 81.83

Shri ASS Inter College Kashipur, Kanpur Dehat, UP

Intermediate Percentage: 83.20

SKILLS

PROGRAMMING

- C++(STL), PYTHON, JAVA

DEVELOPMENT

- JAVASCRIPT/REACT
- DJANGO
- BOOTSTRAP/JQUERY
- ANDROID/FIREBASE

DATABASE

- MYSQL & POSTGRESQL

VERSION CONTROL

- GIT

OPERATING SYSTEMS

- Linux
- Android
- Windows

COURSEWORK

- Design and analysis of algorithm
- Data Structures and algorithm
- Introduction of modern application development
- Discrete Mathematical Structure
- Android Development

HOBBIES

- Competitive Coding
- Cube Solving
- Puzzle & Sudoku Solving
- Watching StandUp Comedy

PROJECTS & OPEN SOURCE WORK

Customer Management Platform

- Django, Heroku Server
- Live demonstration at <https://axshivam-cms.herokuapp.com/>

Github-fetcher | React, Github API

- Fetch the user data by just entering the username

Design your hero | Firebase

- Live demonstration at axshivam-hm.herokuapp.com/

Chrome Extensions | Chrome API

- Developed Page and Browser action extensions using chrome API

Book Record Management

- A Django Project which add, update, search, delete a book record from the database

Authentication App | Android

- Use the various option of firebase to authenticate a user in an app
- Use Firebase as a back-end

Calculator | HTML/CSS/JavaScript

- Live demonstration at <http://axshivam-calc.herokuapp.com/>

For my recent project check out my [GitHub profile](#).

ACHIEVEMENTS

- Won the two-coding contest organized by the college coding club
- Won 50+ CodeArena Fights on HackerEarth
- Got certificate of Problem Solving skills from HackerRank
- Participated in various HackaThons
- Contributed in NJACK Winter Of Code
- 6 Star Coder in Hacker Rank and 2 Star Coder in CodeChef
- Got certificate of excellence from LearnCodeOnline in React & Android
- Ratings in few Competitive Programming platforms (in July,2020):

CodeChef:1517 HackerEarth:1121 HackerRank:26400
